YOUR PICC UPDATE **19.05.14**

ISSUE NO: 75

## PICC SECURES A BOAT TO HELP DELIVER MORE SERVICES

Providing services on a group of Islands means we need to be able to access more remote places to ensure we can continue to provide a good range of services. For this reason, PICC has purchased a boat so we are better equipped to deliver our services, in particular to the Diversionary and Women services programs.

Deputy Service Manager, Roy Prior, is currently developing a comprehensive range of policies and procedures focussed on the safe operation of the vessel. For more information, contact Kamara on 0467 974 425.

Winnie and Kamara checking all the safety gear in the boat.

## New furniture and fashions store for Palm

Ingham Rotary has teamed up with PICC to open a op-shop style furniture and fashions store on Palm Island. The shop is the first of its kind for the Island and will offer both new and used furniture, clothing, books and other household products.

Run entirely by volunteers managed by PICC, the op-shop will provide another shopping choice for residents on Palm Island.

Rotary ladies Monica (L) and Bernice (R) joins PICC General Manager Rachel Atkinson and Merle to inspect the new furniture and fashions store.
